Hj. Abdullah Kadir Bacha
Chief Knowledge Officer

Our heartfelt appreciation and special thanks to the members of the International Advisory Panel, and countless other individuals for their invaluable contribution over the past seven years. Their efforts have put MSC where it is today. More needs to be done to help realize the goals that have been set for the nation. We are confident that we can continue to get the help and support of the numerous friends from the public and private sector, and supporters at home and abroad.

A special tribute is also extended to our beloved Prime Minister, YAB Datuk Seri Dr. Mahathir for his vision, enduring commitment and relentless efforts in ensuring the success of the MSC. It is to him we look up to for support, drive, and inspiration. We feel deeply honoured for having the privilege of working together with him on this far-reaching endeavour.
