

## **MSC MALAYSIA RESEARCH & DEVELOPMENT GRANT SCHEME (MGS)**

### **ABOUT MGS**

One of the main goals of the Multimedia Super Corridor (MSC) is to catalyse and nurture a competitive cluster of Malaysian ICT/multimedia companies that will become world class over time. In line with this objective, a total sum of RM85 million has been allocated for the MSC Malaysia Research and Development Grant Scheme (MGS) to support R&D initiatives within the MSC. Multimedia Development Corporation (MDeC) has been entrusted to manage the grant and oversee the progress and completion of funded projects.

### **AIMS OF MGS**

MGS aims to:

- Encourage and establish vibrant research and development activities by local companies leading to innovative ICT/multimedia products that possess significant commercial potential.
- Increase the creation of Intellectual Property (IP) that enables companies to compete globally.
- Strengthen the R&D capabilities of Malaysian knowledge workers.

### **ELIGIBILITY**

- At the time of application, the company must fulfill three requirements:
  - Possess a valid MSC Malaysia-Status certification
  - Malaysian shareholding of at least 51%
  - Fulfill location requirements of MSC Malaysia Status

### **APPLICATION FEE**

A non refundable processing fee of RM5,000 is payable upon submission of the final application documents.

## PROJECT ASSESSMENT CRITERIA

MGS applications will be assessed with the following criteria:

- **Technical merits**
  - ✓ Significance of the R&D or systems development work in that technology field
  - ✓ Acquisition of new knowledge and skills
  - ✓ Unique innovation or a modification of similar product in the market
  - ✓ Realistic, measurable and achievable project activities, milestones, resource allocations and timelines
  - ✓ Risks identification and management plan
  - ✓ Project team related experience and background / track record in similar project
  - ✓ Active involvement of Malaysian knowledge workers in the project
  - ✓ Appropriateness of the proposed equipment, facilities and other support
  
- **Commercialisation merits**
  - ✓ Target market defined
  - ✓ Credible projections of future market growth
  - ✓ Clear understanding of the competitive landscape within the target markets
  - ✓ Credible positioning strategy for the proposed product vis-a-vis competitors
  - ✓ Clear sales targets and market share goals
  - ✓ Potential to increase exports and replace imports
  - ✓ Evidence of Marketing, manufacturing and licensing arrangements
  - ✓ Legal and trade barriers adequately addressed
  - ✓ Marketing expertise and experience
  
- **Financial merits**
  - ✓ Integrity in cost estimates
  - ✓ Reasonableness in the financial assumptions
  - ✓ Financial management capabilities and resources
  - ✓ Company's financial standing

## FUNDING

- The MGS will provide a grant of up to 50% of the approved total project cost or RM1.2 million whichever is lower. The amount of the grant approved will be determined by the merits of each case.
  
- Repayment is **not** required

## DISBURSEMENT AND MONITORING GUIDELINES

- Each project is funded for up to 1 year only.
- There are four disbursements throughout the project duration:
  - An advance of 25% for approved capital expenditure to be paid out before project commencement date
  - 25% of the approved grant amount to be paid out upon verification of half yearly milestone.
  - 25% of the approved grant amount to be paid out at the end of project upon verification of commercial ready prototype.
  - Final 25% of the approved grant amount to be paid out at the end of project upon verification of IP creation.
- The Technology and Commercial Evaluation Committee will conduct periodic site visits to the R&D site to verify and confirm achievement of agreed milestones before any disbursements are made.
- Only project costs directly related to meeting the objectives of the declared R&D / system development work are eligible for MGS funding. Disbursements will only be made on full submission of project progress and expenses report including the following:
  - i) Timesheets that have been signed by staff and certified by the Project Manager
  - ii) Certified pay slips and EPF / SOCSO statements
  - iii) Receipts for IP registration, rental of research facilities and equipment / software purchased
  - iv) Declaration that the proposed R&D / system development work was conducted in its entirety by the company
  - v) Compliance to all MSC Malaysia Status conditions throughout the funding period

## MGS APPLICATION AND APPROVAL PROCESS

The MGS application and approval process includes the following:

- Eligible MSC Malaysia Status Companies are to indicate in writing its intention to submit a MGS proposal. The letter must also state the proposed project title and contain a brief description of the proposed R&D / system development

project. An Account Manager will be assigned to assist the applicant in preparation of the proposal. When an application is submitted, a non-disclosure agreement will be signed between MDeC and the applicant.

- The Account Manager will liaise with the applicant to ensure that the proposal contains all the required information. Once the application is ready for formal review, the MGS Unit will issue a *Letter Of Completeness* to the applicant signifying the start of the assessment process.
- The MGS application will be evaluated by the Technology and Commercial Evaluation Committee comprising of independent technical and commercial experts. Their recommendation will be submitted to the MGS Management Committee for the next review.
- The MGS Management Committee will review the recommendations of the Technology and Commercial Evaluation Committee in arriving at their final recommendation. The MGS Management Committee comprises of key government and industry stakeholders, as well as representatives of the Technology and Commercial Evaluation Committee.
- The final recommendation of the MGS Management Committee will be sent to the Ministry of Science, Technology and Innovation for its final decision.
- The expected turnaround time for each application is 60 working days, subject to the final review of the Ministry of Science, Technology and Innovation. *The outcome of the evaluation is final and no appeal will be entertained.*

## CONFIDENTIALITY

As described earlier, all information provided by the applicant will be treated as strictly confidential and all parties involved are bound by applicable non-disclosure agreements.

## AGREEMENT

The grant recipient will be required to sign an agreement pertaining to the project with the Multimedia Development Corporation.
